

Princeton Secondary School

Local Scholarship & Bursary Booklet

2022

The community of Princeton has many generous individuals, families and organizations that offer scholarships and bursaries to graduating students of Princeton Secondary School.

To apply:

Step 1.

Write a letter applying for each scholarship for which you are eligible. Address your letter to the organization to which you are applying. Your letter should indicate:

- post-secondary plans (the institution you plan on attending, the year in which you plan to attend and the program in which you will be enrolling)
- high school achievements and accomplishments (attach a transcript copy if requested; the school will not do this for you). Transcripts can be ordered online at <https://www2.gov.bc.ca/gov/content/education-training/k-12/support/transcripts-and-certificates>
- qualifications as they relate to any criteria specific to the scholarship

A sample letter to help you is attached. You need not place the letter in envelopes (unless the instructions say to mail directly) as application letters are forwarded to the organizations or the scholarship committee in folders.

You may apply for as many scholarships and bursaries as you choose as long as they are applicable to you and your plans.

Step 2.

Cut out and attach an “Application Identifier” (see last page of this booklet) to each application. If emailing your application, include the name of the scholarship or bursary in **subject line**.

Step 3.

All applications can be submitted (1) digitally through email to PSSschool@365.sd58.bc.ca, (2) to the school office or (3) mailed directly to the organization if specified in the scholarship description.

Deadline for school applications is Monday, May 23, 2022. Late applications will NOT be accepted.

Note: Deadlines vary for applications mailed directly to the organization. See below.

Please note: *All organizations have the right to decline to award the scholarship if no suitable applicant has applied or funds are not available. Any scholarship changes will be posted and communicated to grads.*
